Dear Bridget,

I and my associates and our entire staff are so appreciative of the unique and so interesting work of art that you created for our new office.

Your talent as a creative artist, (as far as we were aware, you are known as a very skilled painter), took on a new dimension when you conceived and constructed the Tie Sculpture.

The kinetic design, the colorful presentation and the overall size all contribute to a work of art that we are very proud to own and display, along with the more traditional pieces that adorn our wall space.

Please know that we who live with it daily enjoy it very much and all our visitors are so impressed with it.

We are so impressed with you and we thank you very much for presenting us with a perfect work of art for our office.

Sincerely,

Bernard Shavitz
